KOLB STUDIOEQUIPMENT

HighlightWall

Description

The HighlightWalls are available in different sizes and provide maximum flexibility on difficult model geometry.

The HighlightWall is designed for checking the smoothness of surfaces. The powerful argon tubes combined with a dedicated optical system guarantee crisp, parallel lines of light. Reflected by the inspected object these lines reveal the slightest unevenness of surfaces. The highlight panel can be used both during design/development as well as for quality insurance during production.

Technical specifications

HW 11/6

- ◉ portable
- ◉ dimensions: 1,150 x 540 x 80 mm
- ◉ number of lines: 6

HW 25/6 V

- ◉ moveable, with a motor height adjustment system and a manual swivelling system
- ◉ dimensions: 2,500 x 540 x 80 mm
- ◉ number of lines: 6

HW 25/8 V

- ◉ moveable, with a motor height adjustment system and a manual swivelling system
- ◉ dimensions: 2,500 x 700 x 80 mm
- ◉ number of lines: 8

HW 30/12 VS

- ◉ moveable, with a motor height adjustment system and a motor swivelling system
- ◉ dimensions: 3,000 x 1,050 x 80 mm
- ◉ number of lines: 12
- ◉ incl. remote control
